DESCRIPTION

2026 Ford Ranger Lariat

Built for real Canadian roads and real workdays, the 2026 Ford Ranger Lariat is a brand-new midsize truck that blends confident power with everyday ease. Finished in White with a Black interior, this 4-wheel drive Ranger is ready for Aurora commutes, weekend projects, and year-round weather. At McAlpine Ford, you get a fresh truck with modern engineering, a smart 10-speed automatic, and the proven pull of EcoBoost performance. Under the hood, the 2026 Ford Ranger Lariat uses a 2.3L EcoBoost gas engine paired with an Electronic 10-Speed Automatic transmission. That combination is designed to keep acceleration smooth and passing power on tap, while still staying practical for daily driving. With 4 roues motrices translated to 4-wheel drive, you can count on added traction when roads turn slick or when you head off the paved path. TRUCK FEATURES »» 4-wheel drive for confident traction ...
